WHAT?

What information, resources and skills do we need?

WHERE?

Where can we find information?

Where will our project be?

WHO?

Who makes the final decision?

Who do we have to ask for permission from?

Who can help us with information resources and skills?

Who can influence the decision?

WHEN?

When is the best time to do this project?

When can we meet with the principal to discuss ideas?

HOW?

How can we let people know about this?
