Dear Stuart

Group Study Exchange Visit from Rotary District 1190

On behalf of the Rotary Club of Heretaunga, may I extend our very grateful thanks to you and officers of the Regional Council for their support of the recent GSE visit.

The team members have commented on how rewarding and valuable they found the visit from their vocational perspective — you may also have seen this from your contact with them during the visit and at the Rotary meeting. I hope, too, in return that the WRC staff who participated also benefited from the visit.

The success of the visit with the WRC was due to the wonderful support and enthusiasm of your staff. Their willingness to accommodate the GSE team's wishes by making themselves available for extra discussion later in the week was also hugely beneficial.

I would like to extend our particular thanks to Ross Jackson, who with Angie Gooch, put a lot of effort into developing the programme. Without Ross's support, I have no doubt it would not have been the success it was.

Yours sincerely

Graeme Dick
