Transmission Gully

Following an enquiry earlier in the meeting Ms Sanders said that the Paremata Residents Association had requested the designation period be reduced from 15 years to 5 years in the expectation that this would hasten the project. Ms Sanders said that such a change could result in a new consent being required after the 5 year period and therefore made more sense for a 15 year period as requested by Transit New Zealand. This matter will be resolved in due course.

The meeting closed at 11.45am.
