

Report            03.583  
Date             1 October 2003  
File              TP/3/5/1

Committee       Western Corridor Subcommittee  
Author          Tony Brennand Manager Strategic Direction

## Transmission Gully Cost Estimation Update Programme

### 1. Purpose

To provide the subcommittee the programme for estimating the costs of Transmission Gully.

### 2. Background

At its previous meeting the subcommittee was advised of the process for estimating the cost of Transmission Gully. The programme for doing this is now available for information.

### 3. Comment

The programme for estimating the mean and 95 percentile cost for Transmission Gully is provided in **attachment 1**. This has been provided by Transit New Zealand. The subcommittee will note that the cost estimate is not expected to be available before April 2004.

### 4. Communications

It may be appropriate to advise the public on the expected timelines for delivering the cost estimate for Transmission Gully.

### 5. Recommendation

*That this report be received for information.*
