## Background

- A The Councils have been working together to develop the Wellington Regional Strategy (**WRS**) which:
- provides a framework for the sustainable economic development of the Region with a focus on prosperity and quality of life;
  - fosters economic development for the Regional good, and
  - minimises barriers to achieving Regional outcomes.
- B GW agreed on behalf of the Region to initiate a process under section 16 LGA 2002, in order to consult on a proposal that GW undertake a significant new activity in regard to the future governance, implementation and funding of the WRS.
- C On 8 August 2006 GW established an Interim Wellington Regional Strategy Committee (**Interim Committee**) to carry out a special consultative procedure for the WRS, and a statement of proposal for its governance and funding. GW approved the WRS and the statement of proposal for consultation on 12 September 2006.
- D Following the consultation and on the recommendation of the Interim Committee GW approved changes to the WRS and its governance and funding proposal in February 2007. Further changes to the governance and funding proposal arose

Wellington Regional Strategy

through a mediation process under Section 16 LGA 2002. The final proposal was adopted by GW, on behalf of the Region, on 8 May 2007.

- E The governance and funding of the WRS by GW reflects Central Government's desire to encourage greater consolidation of regions (aligned in some cases with regional council boundaries<sup>1</sup>). The consolidation of regions is being encouraged to allow Central Government funding available to support regional capacity for economic development, to be provided in a contestable and prioritised manner and to ensure that any such funding is aligned with national priorities.
- F The WRS arrangements include the following key elements:
- A GW standing committee to act as the 'keeper' of the WRS.
  - The standing committee membership structure with details as agreed by the participating Councils in this document.
  - A regional economic development agency (EDA), in the form of a not-for-profit CCO, to replace Positively Wellington Business, with further detailed work to be carried out to determine its relationship with Go Wairarapa and Enterprise Coast, in consultation with the 'owners' of those agencies.
  - The appointment of a merit-based board to the regional EDA.
  - A targeted regional economic development agency rate to fund the regional EDA.
  - A review of the effectiveness of the entire Wellington Regional Strategy by 30 June 2011.
  - GW ceasing to carry out the function of regional economic development on 30 June 2012, unless otherwise determined through the process set out in section 16 of the LGA 2002 or such other equivalent process that applies at that time.
- G The Councils have agreed to sign this document to record agreed protocols in regard to the future implementation, governance and funding of the WRS by GW.

## **1 Guiding principles**

- 1.1 The Councils agree that sustainable economic growth in the Wellington Region and the possibility of additional Central Government funding, can only be achieved if the Councils work together at a local governance level. To achieve

this, the Councils have agreed the following guiding principles to direct the future development of the WRS and the subsequent actions by the respective Councils in regard to governance, implementation and funding.

    - (a) a collective agreement on funding;
    - (b) that participants in collective decisions are those parties (or their representatives) who bear costs and risks of such decisions.
  - 1.2.5 Ensure that the processes by which this agreement to work together evolves is transparent, unbiased towards any person or party and in particular:
    - (a) limits the potential for any party to amend the agreement in a manner that introduces unjustifiable bias; and
    - (b) balances the interests of all parties.
