

## **Attachment 2 List of Expert Commentators**

A number of experts were consulted to assist in the development of indicators for the Wellington region GPI. They come from a range of institutions and backgrounds and through their input have ensured that we have developed the best possible set of indicators for the monitoring framework. They include:

Vicky Forgie – Centre for Ecological Economics, Massey University

The Population Health Division of the Planning and Funding Directorate, Capital and Coast District Health Board

Professor Philippa Howden-Chapman, Director of the Centre for Sustainable Cities, University of Otago, Wellington

Professor Peter Crampton, Head of Department of Public Health, Wellington School of Medicine & Health Sciences, University of Otago

Dr Carolina Lukkien, Principal Advisor, Ministry of Transport

Juliet Milne, Team Leader, Environmental Monitoring & Investigations Dept, Greater Wellington.

Michael Bealing & Ian Duncan (previously Senior Research Economist NZIER), Ministry of Transport

Justine Daw, Manager of Environmental Reporting, Ministry for the Environment

Kel Sanderson and Jason Leung-Wai, BERL (Business and Economic Research Limited)

Jeremy Harding, Policy Manager, Wellington Chamber of Commerce

Sarah Mickle, Michael Grace & David Perks, Positively Wellington Tourism

Ian Shearer, Programme Coordinator, Communities for Climate Protection-NZ (CCP-NZ)

Frances Graham, Senior Analyst, Population Health Protection Group, Ministry of Health
