Request for information 2022-177

I refer to your request for information dated 12 October 2022, which was received by Greater Wellington Regional Council (Greater Wellington) on 14 October 2022. You have requested the following:

"I would like to request all consent conditions issued between 2017 and 2022 that consider the effects of noise on the environment and wildlife, and stipulate constraints on noise or vibration (e.g. decibel limit, time periods where activities emitting noise are restricted, locations within a construction site where activities emitting noise are restricted etc).

Furthermore, for consent conditions that meet these requirements, please provide:

- *the Assessment of Environmental Effects report for the project; and*
- *any Compliance Audit reports associated with the project.*

I am specifically interested in roading, construction or earthworks projects (though other project information is welcome)."

Greater Wellington's response follows:

Please refer to the following three attachments which contain the data you requested:

- Attachment 1 – PP20 Board of Enquiry final report and appendices
- Attachment 2 – WGN210130 Officer Report
- Attachment 3 – PP20 Board of Inquiry Conditions

Please note that it is our policy to proactively release our responses to official information requests where possible. Our response to your request will be published shortly on Greater Wellington's website with your personal information removed.
