Request for information 2022-202

I refer to your request for information dated 1 November 2022, which was received by Greater Wellington Regional Council (Greater Wellington) on 1 November 2022. You have requested the following:

“Under the LGOIMA, I would like to request information regarding Metlink bus size allocation on past services.

I understand that metlink sets a category label for buses based on their size. I understand the classification of each size to be: SV - Small vehicle with a capacity of 30-53 passengers; MV - Medium Vehicle with a capacity of 54-74 Passengers; LV - Large Vehicle with a capacity of at least 75 passengers and 36 seats; DD - Double Decker with a capacity of at least 95 Passengers and 80 seats.

Provided my above definitions are correct, I would like to request the following information under the LGOIMA:

Bus size category bus used for each morning and afternoon service (since the start of this year, 2022) on the following MetLink Services: 627, 633, 634, 635 - By this, I mean I would like a list of the size category buses used for each morning and evening service since the start of this year.

The purpose of this information is to better understand the reasoning behind what I feel is inadequate service capacity of some of these services.

Under the LGOIMA, I understand I am eligible for a decision regarding this request within 20 working days.”

Greater Wellington's response follows:

You are correct regarding the vehicle sizes as they are specified in Waka Kotahi's Requirements for Urban Buses (RUB). However, these notional requirements (the legal maximum capacity of a bus) do not necessarily align with the practical maximum (adult) capacity of that same vehicle. The thresholds we use for vehicle size allocation for Tranzurban, the company which operates the routes in question, are as follows:

- SV – up to 53 passengers
- MV – up to 54 passengers
- LV – up to 68 passengers
- ELVDD (electric double decker, two axles) – up to 84 passengers
- DD (three axles) – up to 100 passengers

Please see **Attachment 1** which presents the requested information for each route since 1 January 2022. To note, the routes that you have requested information on are school bus routes. Therefore, where there are days missing in this data, that presents days where school buses are not run (i.e., weekends, public holidays etc.). The attachment gives:

- The date
- The route number
- The scheduled departure time
- Direction (inbound/outbound)
- The Vehicle size (SV - Small Vehicle; MV - Medium Vehicle; LV - Large Vehicle; DD - Double Decker, and ELVDD – Electric Double Decker)
- Vehicle seat capacity
- Vehicle standing capacity

By matching the date, route number, departure time, direction, and Vehicle size you can determine the size category buses used for each morning and evening service since the start of this year for the specified routes.

Note that some columns have missing information regarding the type of bus used. This means that there is no Real Time Information data available. This does not mean that the trip did not run.

If you have any concerns with the decision(s) referred to in this letter, you have the right to request an investigation and review by the Ombudsman under section 27(3) of the Local Government Official Information and Meetings Act 1987.

Please note that it is our policy to proactively release our responses to official information requests where possible. Our response to your request will be published shortly on Greater Wellington's website with your personal information removed.

Nāku iti noa,

Samantha Gain

Kaiwhakahaere Matua Waka-ā-atea | General Manager Metlink
