

## Appendix 1: Table of Provisions within Ecosystem Health and Water Quality policies topic and supporting information

Provision	Page number in PC1 Document	Process (FPP or P1S1)	Number of submission points
Policy P65: National Policy Statement for Freshwater Management requirements for discharge consents.	Deleted	FPP	2
Policy P30: Biodiversity, aquatic ecosystem health and mahinga kai.	22	P1S1	7
Policy P36: Restoring Wairarapa Moana	23	P1S1	5
Policy WH.P1: Improvement of ecosystem health.	68	P1S1	19
Policy WH.P2 Management of activities to achieve target attribute states and coastal water objectives.	68	P1S1	45
Policy WH.P4: Achievement of the visual clarity target attribute states.	69	FPP	16
Table 8.5: Sediment load reductions required to achieve the visual clarity target attribute states.	69	FPP	10
Policy P.P1: Improvement of aquatic ecosystem health.	120	P1S1	15
Policy P.P2: Management of activities to achieve target attribute states and coastal water objectives.	120	P1S1	37
Policy P.P4: Contaminant load reductions.	121	P1S1	14
Table 9.3: Harbour arm catchment contaminant load reductions.	121	P1S1	8
Table 9.4: Part Freshwater Management Unit sediment load reductions required to achieve the visual clarity target attribute state.	122	P1S1	6
Policy P77: Improving water quality for contact recreation and Māori customary use.	318	P1S1	3
